[What would/could have happened if US
had not gotten the Bomb first, & used it?
Who/when would it have been created
and used otherwise?

Any chance of [French/British
approach being followed?

or, if foregoing H-bomb?

Roth Deal and A

^{thought} ~~know~~ about Barker - A, H

before it was a Fair Deal,
a change ~~by~~ USG/Pho

(1st didn't make his decision, when Deal quit)

Public was deprived of that chance:

on casting, but to show a plan

(just before)

(now with SU - bill, now with Hines

Not really, after 1954-55;

SU was bill change: did not mind
in crash effort, not with
supplies, or fundraising

OR PARITY

(It was "planning" and was - (or repeat)

like 8 years (Eisen, Rothblatt)

(now Regis ref)

(Unlike gas chambers, or torture,
it was plausible that Regis should not
have been alone -

(We thought that was not true.

being - the Blitz - wrongly - it was
not ^{sublime} deserving, or necessary.)

Right about Barker? (Not a small number).

Could Hitler have obtained us from Germany
Bols, with first or 2nd, in retaliation -
of thanks to NY, if we did retal. to others
in London?!

Can we really promise to retal. to others
on another conf., if a NWS that can
reward US?
